"What I have to say about Father John's Medicine is everything good. So it is with my friends to whom I have recommended About five months ago I contracted a cold in the throat and chest, which I did not pay any attention to. Later it developed into an asthmatic cough, which kept me awake at night. I felt as if I would smother. People told me I should go and consult a doctor, and I did, but without any good results whatever. Finally I suggested to my mother that she go and get a bottle of Father John's Medicine for a trial. She did so, I started to use it. It bosened the cough, took my sore throat away and then cured me completely. You may use my name and testimony as often as you like. (Signes) Thos. A.
